Video Clinic

Friday November 25th, 2016

Time: To be determined based on enrollment

This 2 hour clinic run by head trainers/owners Kelly Fencl & Cheryl Kindl will take place in our heated indoor arena. The clinic includes one hour of recorded riding and one hour of instructed viewing with refreshments provided, and is open to riders of all levels.

The visual aspect of learning is imperative to growing as a rider and identifying your strengths and weaknesses. By watching yourself in a group setting, not only will you take away a wealth of knowledge to help improve your riding, but you can also benefit from others’ experience in the saddle.

The cost is $80 on your own horse or $100 if you would like to lease a school horse.

Please contact Cheryl or Kelly for more information.
